Polyester	Thermoplastic Resin	Material Safety Data Shee
HEMIC	CAL PRODUCT/ COM	
	Product Identifier:	PET (Polyethylene Terephthalate),
	Product Description: Product Grades:	Engineered Plastics Resin D717A, EECXXX, EGIXXX, EEIXXX, EBIXX, ECIXXX (XXX=3 digit number) example: EGI608 or EEC617
	Product Use:	May be used to produce molded or extruded articles or as a component of other industrial products.
	Company Identification	on:
	MANUFACTURER	
		Edinburg Plastics, Inc. 18537 Vineyard Point Ln Cornelius, NC 28031-7989 USA
ОМРО	SITION / INGREDIE	NT INFORMATION
<u>%</u>	Materials	CAS Number
>80	PET (Polyethylene Terep	ohthalate) 25038-59-9
<12	Toughener / Impact mod	ifiers (Rubber) 25053-09-2
<5	Compatibilizer, Lubricato	rs, Colorants, And Stabilizers Non-Regulated
<4	Titanium Doxide (TiO2)	13463-67-7
<2	Carbon Black	1333-86-4
	Super fund Amendments	contain Toxic Chemicals under Section 313 of Title III of the and Reauthorization Act of 1986 and 40 CFR part 372.
IAZAR	DS IDENTIFICATION	
	creating dense toxic smo produced during melt pro Secondary operations, s	r no odor. Spilled pellets create slipping hazard. Can burn in a fire ke. Molten plastic can cause severe thermal burns. Fumes becessing may cause eye, skin and respiratory tract irritation. uch as grinding, sanding or sawing, can produce dust which may card. Product in pellet form is unlikely to cause irritation.
	Chronic/Carcinogenio	city: None of the components present in this material are listed by IARC, NTP, OSHA, or ACGIA as a carcinogen.

	Melt Processing Heal	th Effects: Molten plastic can cause severe burns.	
	Processing fumes may on of severe overexposure,	cause irritation to the eyes, skin and respiratory tract, and in cases nausea and headache.	
	exposure to this product	There are no known human health effects aggravated by . However, certain sensitive individuals and individuals with may be affected by exposure to components in the processing	
FIRST	AID MEASURES		
	Eyes:	Immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.	
	Skin:	The compound is not likely to be hazardous by skin contact, but cleansing the skin after use is advisable. If molten polymer gets on skin, cool rapidly with cold water. do not attempt to peel polyme from skin. Obtain medical treatment for thermal burn.	
	Ingestion:	No specific intervention is indicated as compound is not likely to be hazardous by ingestion. Consult a physician if necessary.	
	Inhalation:	No specific intervention is indicated as the compound is not likely to be hazardous by inhalation. Consult a physician if necessary. If exposed to fumes from overheating or combustion, move to fresh air. Consult a physician if symptoms persist.	
	For processing fume inhalation irritation, leave contaminated area and breathe fresh air. If coughing, difficult breathing or any other symptoms develop, seek medical attention at once, even if symptoms develop at a later time.		
	For skin contact with fun If irritation develops, see	ne condensate, immediately wash thoroughly with soap and water. ek medical attention.	
FIRE F	IGHTING MEASURE	s	
V	Fire Fighting:	Keep personnel removed and upwind of fire. Wear self-contained breathing apparatus.	
	Extinguishing Media	Water, Foam, Dry Chemical, CO2	
	Hazardous Combusti	on Products: Hazardous gases/vapors produced in fire are: ammonia, carbon monoxide; small amounts of hydrogen cyanide and aldehydes.	
	Flash Point:	not Applicable	
ACCID	ENTAL RELEASE M	LAGURES	

HANDLING AND STORAGE				
Handling:	See FIRST AID and PERSONAL PROTECTIVE EQUIPMENT SECTIONS.			
Storage:	Store in a cool, dry place. Keep containers tightly closed to			
	prevent moisture absorption and contamination.			
EXPOSURE CONTROLS/PE	RSONAL PROTECTION			
Engineering Controls:	Use local ventilation to control fumes from hot processing.			
Personal Protection:				
Eye/Face:	Wear safety glasses. Wear coverall chemical splash goggles and face shield when possibility exists for eye and face contact due to splashing or spraying of molten material. A full face mask respirator provides protection from eye irritation.			
Skin:	If there is potential contact with hot/molten material, wear heat resistant clothing and footwear.			
Respiratory:	A NIOSH/MSHA approved air purifying respirator with an organic vapor cartridge with a dust/mist filter may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air purifying respirators may not provide adequate protection.			
PHYSICAL AND CHEMICAL	PROPERTIES			
Physical State:	Solid			
Odor:	Possibly a slight organic odor			
Melting Point:	246°C (475°F) - 255°C (491F°)			
Specific Gravity (water				
Water Solubility:	Insoluble			
%Volatiles:	Not Determined			
STABILITY AND REACTIVITY				
Stability:	Stable			
Polymerization:	Polymerization will not occur			
Conditions To Avoid:	Expoxure to open flame or temperatures >570°F for pro-longed time.			
Incompatabilities:	Other Materials			
Hazardous Decomposition:	Hazardous gases or vapors can be released, including cyclopentanone, carbon monoxide, aldehydes, ammonia.			

ECOLO	GICAL INFORMATIC	DN	
	AQUATIC TOXICITY:	No information is available. Toxicity is expected to be low based on insolubility in water.	
DISPOS	AL INFORMATION		
	Waste Disposal:	Preferred options for disposal are (1) recycling, (2) incineration with energy recovery, and (3) landfill. The high fuel value of this product makes option 2 very desirable for material that cannot be recycled, but incinerator must be capable of scrubbing out acidic combustion products. Treatment, storage, transportation, and disposal must be in accordance with applicable federal, state/provincial, and local regulations.	
TRANSI	PORTATION INFORM	MATION	
	DOT Hazard Class: Proper Shipping Name Identification Number		
REGUL	ATORY INFORMATI	ON	
	TSCA Status: WHMIS Classification	In compliance with TSCA Inventory requirements for commercial purposes. a:Not a controlled product.	
1	This product does not contain reportable quantities of substances subject to supplier notification.		
OTHER	1		
Λ	Medical Use:	CAUTION: Do not use in medical applications involving permanent implantation in the human body.	
、	User Responsibility:	Each user should read and understand this information and incorporate it into individual site safety programs in accordance with applicable hazard communication standards and regulations.
